

Gasmask

1914

Fall of the dominion
Empires burning
Destruction and death as homecoming
Back to the Trenches
Straighten up your rifle
Get back inline
Give up your life for
Empire

Death is not the end
Gas mask on my face

Wounded faces
Scream it out loud
I lie in the mud
One of the thousands of others who died
With phosgene's blindness
Back to the Trenches
Give up your life for
Empire

Death is not the end
Gasmask on my face
