

# Stop The World

1927

I can't think of a time  
When we all were satisfied  
And everything was easy

There's no need to contest what is mine  
Or who is best  
Still, we find a reason

Don't stop the world  
Don't stop the world for me, no  
I couldn't make it work  
I couldn't make it work  
Without you

There's so much blood on the ground  
On our hands, flowing out  
But the wounds are healing

Dear God!  
What have we done?  
Did we forget we are "one"?  
How did we fail to see it?

Don't stop the world  
Don't stop the world, please, no  
I couldn't make it work  
I couldn't make it work  
Without you

Don't stop the world for me  
Don't stop the world...

Don't stop the world  
Don't stop the world for me, no  
I couldn't make it work  
Don't stop the world  
Don't stop the world for me  
...
