

Everybody Please Relax

1990s

Everybody please relax
You give yourself heart attacks
Today's not day to get things done
Stop what you're doing
Let's have the fun
And move in
And move in
To Ho-Hollywood
(psychic?)
Hollywood
Well everybody please relax
They like to wear their party hats
They like to keep themselves in tune
I'll be a psychologist by June
nanana na nanana
nanana na nanana
nanana na nanana
I think I'll move to Amsterdam
nanana na nanana na nanana
Everybody just relax
Let's buy a bear and move to France
Let's take our glasses to the pool
We're acting cool
Let's act the fool
Dara dara da da-da rara
Dara dara-da darada
Dara dara da da-da rada
Dara dara-da darara
Everybody just relax
Please take off your pointy hats
No more dressing up like ghosts
I really wanna go to Hollywood
I need some kind of psychic Hollywood
I really wanna go to Hollywood
I need some kind of psychic Hollywood
