

Situation

1990s

Well the girl from the deli
What's she all about?
You know she really really
Really really freaks me out.
I'm in too deep.
I really need to sleep.
On playback with numbers
So I can't count sheep.

What you got
What you got
What you got
Some kind of situation.

Well the music's way too loud
So I turned it up.
Those guys in leather jackets
Looking down on the love.
Some girl keeps asking me
"Do you wanna dance?"
Well you're Sally Deville, babe
But only in France.

Whoo whooo

What you got
What you got
What you got
Some kind of situation.

Some kind of situation
