

Forever

1K Phew

Yeah, yeah...

Yeah look

Running this race now
Ready, Set, Go I'm just taking off
Workin all day I'm not taking off
Hustlin hustlin, Ricky Ross
If I'm gon' cheese I gotta floss
I'm takin chances, coin toss
No 9 to 5 but I serve the boss
He's undefeated, He never lost
I was brought to earth this time for a reason
Every morning I can't wait for the evening
Got to shining then they got to believing
Every day I'm screaming "This is my season!"
I'ma get it cause I want it (huh)
I ain't seeings no opponents (huh)
Seem like we runnin' it, don't it? (huh)
Runnin' it just like we own it

Never worried I'm just living my life
Litty litty when I'm shining my light
Told the family we gon make it alright
Told the team we gon take it tonight
Call on Jesus when I need some advice
Gotta listen, He ain't telling you twice
I'ma take a chance, shakin the dice
Head to heaven cause it gotta be nice
I'ma keep it up forever ever
Gotta keep it up forever ever
I'ma make it last forever ever
Gotta make it last forever ever
I'ma keep it up forever ever
Gotta keep it up forever ever
I'ma make it last forever ever
Gotta make it last forever ever

Climbin' up to the tippy
You don't believe me just call me Ripley
It's a cold world and I'm feeling nippy
I've seen it all so don't try to tempt me
Lost so many folks I don't know when my heart is half full or is it half empty
Laughing at these haters super hard cause they been looking goofy when they try to tempt me
Blowin up like C-4
Stole the show like Deebo
Watch the snakes through that peephole
I'm just lookin' out for my people
I'ma make it last forever ever
When I'm doing good I'd rather do better
Pull up deep because we in it together
Made it through the storm, look at the weather

Never worried I'm just living my life
Litty litty when I'm shining my light
Told the family we gon make it alright

Told the team we gon take it tonight
Call on Jesus when I need some advice
Gotta listen, he ain't telling you twice
I'ma take a chance, shakin the dice
Head to heaven cause it gotta be nice
I'ma keep it up forever ever
Gotta keep it up forever ever
I'ma make it last forever ever
Gotta make it last forever ever
I'ma keep it up forever ever
Gotta keep it up forever ever
I'ma make it last forever ever
Gotta make it last forever ever

Woo

Grindin' for a long long time
Been grindin' for a long long time
Told my team we all gon' shine
Yeah, told my team we all gon' shine
Grindin' for a long long time
Been grindin' for a long long time
Told my team we all gon' shine
All gon' shine yeah

Never worried I'm just living my life
Litty litty when I'm shining my light
Told the family we gon make it alright
Told the team we gon take it tonight
Call on Jesus when I need some advice
Gotta listen he ain't telling you twice
I'ma take a chance, shakin the dice
Head to heaven cause it gotta be nice
I'ma keep it up forever ever
Gotta keep it up forever ever
I'ma make it last forever ever
Gotta make it last forever ever
I'ma keep it up forever ever
Gotta keep it up forever ever
I'ma make it last forever ever
I'ma stay down forever

(Grindin for a long long time)

(Been grindin for a long long time)
Gotta stay down Forever
(Told my team we all gon shine)
Forever
(Told my team we all gon shine)
Gotta stay down forever
