1K Phew

Put your hands in the air for Cardec  
Freezin', bruh, it's freezin' (cold)  
It's freezin' (yeah) It's freezin', it's freezin' outside  
It's freezin' (cold)  
Freezin' (ye) freezin', it's freezin' outside  
It's freezin' (freezin') freezin'  
It's freezin' (ye)

Okay, I'm prayin' to the Lord when I (freezin') hop out (freezin')  
Please don't lemme see a dirty (freezin') cop out (It's freezin', it's freezin' outside, It's freezin')  
You know how the comin' when they (freezin') hop out (It's freezin', it's freezin' outside, It's freezin')  
It's freezing outside tonight, do I really have to hop out?  
Life ain't easy (yeah, come on)  
Gotta keep my head to the sky when I'm walkin' with Figi (freezin')  
I ain't gon' lie  
Imma choose God every time over you, if need be  
Still on that 5, only care if you cry movin' to sleazy  
Look at the ride, you might as well slip 'n' slide, you movin' too greesy  
Everyone around me be silent, like a rock  
I put it on Patrick  
Wise man once told me we get to preachin'  
Gotta go practice (now)  
Unashamed Tour goin' crazy but it's still the same old me when I'm back in t  
own  
All of my haters showin' me love  
I don't like the way they actin' now

Freezin', bruh, it's freezin'  
Freezin', bruh, it's freezin'  
Freezin', bruh, it's freezin'  
It's freezin' outside, it's freezin'  
It's freezin' (it is?)  
Freezin' (ye) freezin', it's freezin' outside  
It's freezin' (freezin') freezin'  
It's freezin' (ye)

Look at my neck, I'm freezin'  
Phew told me was [?]  
She asked me if I go to church  
Baby, I'm the one preaching  
I'm freezin' outside, it's freezin'  
Ice it up, in a castle serving  
Y'all stay tryna work till that table  
I'm the one cookin', but y'all been eatin'  
Preppin' dinner, it's chicken liver, the way y'all study [?]  
My Bible like a rifle, the way I'm shootin' where I'm aimin'  
Yeah, yeah  
I got a bad lil' shawty, we tying them knots in April  
10K, 8K, and 4K, the way imma surf that thing like cable (splash)  
Takin' the beat and changin' up the flow  
Like when dad gets a car when it gets bank  
Takin' the heat and reapin' what I sow  
Like when son get a tip on a [?]  
NK flow, I lay low  
Y'all for the payroll, I stay cold

Y'all couldn't be more obvious but God tellin' me I gotta adjust  
Freezin', bruh, it's freezin'  
Freezin', bruh, it's freezin'  
Freezin', bruh, it's freezin'  
It's freezin' outside, it's freezin'  
It's freezin'  
Freezin' (ye) freezin', it's freezin' outside  
It's freezin' (freezin') freezin'  
It's freezin' (ye)

Yeah  
Everybody 'round me cold  
I mean freezin'  
We ain't blowing smoke  
Everything we do is froze  
Even Elsa tryna throw a [?]  
I'm back on my shh- back on my  
I'm on my (keep it quiet, [?] listen)  
I still ask for more I ain't rich  
This person's got hold of my gift  
45, it ain't come with a switch  
I coated my verses in gold  
Then when I drop they jack it  
I'm goated 'cause all of my flows is classic  
I'm in the talkin with passion  
It's proof that I did it with standards  
I'm with Phew, it's too many that's random  
With the crew, it's exclusively lavish  
They bankin' on me to do damage  
I'm the truth
