Boy, this ain't a Toy Story, this a true story  
God first, I ain't finna give you glory  
I just heard the last album, it was too boring  
You ain't ate and now you cryin' like a newborn  
I'm tryna walk up in the sky, I'm not lukewarm  
I don't wanna get to the heaven gates talkin' like Shaggy  
You see me on the camera, it wasn't even me  
I'm makin' somethin' shake like Will and Jazzy, pssh  
Got the church jumpin' like a hype man (Hype man)  
Tell the pastor that he got the right man (Right man)  
I'm delivered like a letter from the mailman (Mailman)  
I'm talkin' 'bout vision like a TV salesman (Yeah)  
I ain't makin' one move 'til He tells me (He tells me)  
Never lost love 'cause the hate can't help me (Can't help me)  
No amen, but I bet they felt me (They felt me)  
Even if I lose, I'ma still rock LV (Rock LV)  
I'ma tell it how it's supposed to be told when I drop this  
As I am on the way, better cop this  
It's a lot of podcasts tryna stop this  
Tryna say I ain't livin' my topics  
I done went and did work in the projects  
Even went and did work in the tropics  
You ain't doin' no work bein' toxic
