

# Glory

1K Phew

Yeah  
Used to complain in stormy rain  
Now I'm unashamed in Jesus' name  
Made it for real, mamma stressin' bout payin' the bills  
Now we winnin' like Deal or No Deal  
'Cause I'm praying for change  
Might wanna be let it known (Known)  
Gotta be where you belong (Belong)  
Misery leave me alone  
Victory pick up the phone  
I know we good with the key (Key)  
And I put that on salone  
Look at my heavenly home  
Up in the sky get in the zone

Glory, glory, glory, glory  
Yeah, glory, glory, glory, glory  
Yeah, You can fight my battles  
Never lost my battles  
Had to win my battles  
Oh, You can fight my battles  
Never lost my battles  
Had to win my battles

Yeah  
I be looking back like wow (Wow)  
Couldn't nobody hold me down (Down)  
When I had no way out  
When my granddad hit them clouds (Clouds)  
Yeah, circling day to day  
Whichever team made a way  
Yeah we escaped the plane, uh, look at my fadeaway  
Look, sacrifice that day, now it all paid off  
Minus me now it all add up  
Cup running over I can't hold my cup  
Thanks for change to glow it up  
Yeah we done picked up the pace  
Bills paid 'cause He opened the gates  
Devil mad that we got 'em on skates  
God we just seekin' Your face

Glory, glory, glory, glory  
Glory, glory, glory, glory  
Yeah, glory, glory, glory, glory  
Glory, glory, glory, glory  
Oh  
Yeah, You can fight my battles  
Never lost my battles  
Never lost my battles  
Had to win my battles  
Yeah  
Yeah  
You can fight my battles  
You can fight my battles  
Never lost my battles  
Never lost my battles  
My battles

## My battles

There's no greater love than this  
In You I find my confidence  
You go before me, You take my place  
You fight the battles I can't even face  
And even when I'm losing hope  
You are the only strength I know  
You're worth all the glory  
I can't help but sing

Glory, glory, glory, glory  
Yeah, glory, glory, glory, glory  
Yeah, You can fight my battles  
Never lost my battles  
Had to win my battles  
Oh, You can fight my battles  
Never lost my battles  
Had to win my battles
