

Interlude

1K PheW

And I bet you won't be known
Gotta get where you belong
Got a million guys callin' my phone
But there's still no place like home
No time to explain, just know I ain't talkin' bad, no
(Still no place like home)
No time to explain, I was lost but now I'm back, now
(Still no place like home)
(Still no place like-)
