

# Jumping Jacks

1K Phew

If you tryna eat, first you gotta volunteer  
No, they can't compete  
I just heard that this the deal  
Catch us if you can  
Too late boy, we outta here  
Had to take a stand, make those struggles disappear

They go tada (tada)  
In the buildin' (while I, while I)  
Walk like Lady Gaga (Gaga?)  
But, I can't bring no dolla (dolla?)  
What we doing?  
Walk in your habitat  
Make it do jumping jacks  
Walk in your habitat  
Make it do jumping jacks  
Gotta go Bathing Ape  
Gotta go Shake N Bake  
Working for goodness sake  
But, I can't stand the fake  
Walk in your habitat  
Make it do jumping jacks  
Walk in your habitat  
Make it do jumping jacks

We gon' make it look easy  
Lemon squeeze  
In my own lane, speedin'  
Stay speedin', squad kickin' down the door (whole squad)  
Squad, always been on go (whole squad)

Tell me the year again  
They know we here to win  
Makin' it clear again  
Tell 'em that we're the trend  
I wanna state the facts  
Pull up on CNN (just to let civilians know we true)  
(Hey) Ooh I gotta blast real fast Jimmy Neu  
(Hey) One time for the real, matter fact just give me two  
(Hey) Made it off the stoop now I'm marchin' with the troop  
(Hey) You not in the group but I can keep you in the loop (ooh)

Tada (tada)  
In the buildin' (while I, while I)  
Walk like Lady Gaga (Gaga?)  
But, I can't bring no dolla (dolla?)

I'm at the startin' line  
Runners are hard to find  
Takin' the fam to dine  
Party like '99  
Givin' the gift  
Lovin' the game  
Just like a valentine (that's why I go Super Saiyan at the events)  
Makin' plays daily with the offense and the defense  
Catch us at the deep end  
We don't ever sleep in  
First I put my feet in, then I kick the flavour  
You can't be my hater foo' unless you sign the waiver  
Lituations pop up on me like a screensaver  
This is the beginning, you can tell from my behaviour  
Tell, we got the world peekin' like some nosy neighbours  
Lookin' for a trail? Well, I'm a trailblazer  
Goin' toe to toe without a pain, Joe Frazier  
Boomin' like an avalanche, I'm a snow glacier  
Eatin' with the ones that I love like a candlelight  
Lord, please take away the problems I can't handle, like

Tada (tada)  
In the buildin' (while I, while I)  
Walk like Lady Gaga (Gaga?)  
But, I can't bring no dolla (dolla?)

I love all my brothers (I love 'em)  
We got different mothers (same daddy)  
Pray for one another (what happened?)  
Made it out the gutter (what we doin'?)

Walk in your habitat  
Make it do jumping jacks
