1K Phew

Came from the

Catour (For real)

Came from the church, now I'm going places (Came from it)
Cut 'em all off and I know they hatin' (I know it)
Jumped off that porch, I'm like, "Bombs away" (Bombs away)
I took my shots just like NBA (Took my shots)
I still don't care 'bout your friend, bae (Friend, bae)
She just gon' look when I'm rockin' Amiri
Then look at my feet, they go Michael J
Look at my feet in they Michael J's
Told all my brothers it finna rain (Yeah)
Put on some Off White J's (C'mon)
I just been prayin' to elevate
I'm up for the rest of the days (I'm up for the rest of the days)
I'm with the gang when I celebrate
Now it's up for the rest of the day (I'm up for the rest of the days)
Should've never took the Adderall, had me up for the rest of the day

Yeah, they said that I took way too long (Came from the)
(Yeah, came from the, c'mon)
They said that I took way too long, I'm like, "How could you rush me? I'm comfy"
No, I came up too fast
Might end up and crash the whip, I can't go out no dummy
Mama told me, "Go Jumanji"
Jumped in the jungle, sat down and start running
Girl, I rock with you [?]
Stood right beside me when I was [?]
Never cared what they said 'bout me
But you was still hurting inside with emotion
Sometimes I sit back and wonder why
How they gon' kidnap me? Oh my God
I'm tired of them three letters, R.I.P
I got family that'll never see me at the Grammy's
They the one that kept saying I can be
And they told me to stick with my plan A
When I had my first child after Plan B (Let's go)
Had to stack it up taller than me, 'cause it's bigger than me
Yeah, we did it, yeah (Yeah, we did it)
When I told y'all we did it, I made it on 2k (2k)
I know my hood is proud of me, y'all (Eastside forever)
I done built me a church in the trap now, I'm serving the cross
Then I got the same cross and I filled it with Fiji and Boss (Hey)
Don't be tryna take my chain, I don't care what you 'bout
My gang from the land of the lost
Quit playing, you must not know I came with the big man
You just tryna come steal like the tin man
Play with God, He gon' aim at the hip, man
I need a witness like right away (Right away)
Gospel rap back like a holiday (Holiday)
They said it's not, I got time today
Cause they never gave me the time of day (They never gave me)

Came from the church, now I'm going places (Yeah)

Cut 'em all off and I know they hatin' (Know it)
Jumped off that porch, I'm like, "Bombs away" (Bombs away)
I took my shots just like NBA (Swish)
I still don't care 'bout your friend, bae (Friend, bae)
