

Paradise

1K Phew

Had to leave my name on the memory lane
Look before we came tonight, yeah
Had to leave my pain on the midnight train
But it still might rain
Carvello

Have a good night, leave this lane
Looked left and right, I'm just giving advice
Let me kept that flight
Why would I dim my light?
Wanna be GOAT like Michael, I wanna be like Mike
Huh, we the real deal we ain't tellin' y'all twice
Cuttin' them nets, we ain't shaking no dice
If you can't work, you ain't takin' no slice
We ain't eaten' honey shrimp for rice
Jumping' out the gym, and I ain't even that hype
I ain't never see the rocketship but I might
Cause' I remember when I met Crae' that night
When Hammertime dropped that changed my life

Couple angels in the air, I know they looking down on me
Got a big king and me go everywhere you can see the crown on me
When I'm in the house I move like brother man, better give the love to me
Only got day ones in my circle and they ain't never told on me, yeah

Paradi, paradi, paradi, paradi paradise
Paradi, paradi, paradi, paradi, paradise
Paradi, paradi, paradi, paradi, paradise
I don't wanna sleep no more, been dreaming all my life

Might as well say less, try to tell the good new no angle
Hit you with the Matrix if you think about breaking my ankles
Never had recess, in the river like the boy in that manger
And I ain't really impress, momma told me not to talk to no stranger
Ain't no competition when you can't lose
Writing love letters to the haters
I can't wait to take a trip to Cancun
Could be a thousand miles from Decatur
Never take for granted when I wake up
Got a baddie with me with no makeup
All these politicians better make room I'm in California like the Lakers
Yeah we ballin', tell the referee that's my calling
Hit the line every time that I'm falling
I'ma fight to the end if we brawling
On the right track when it's foggy
Talladega Nights, Ricky Bobby
Stuntin' ain't a habit, it's a hobby, ayyy

Paradi, paradi, paradi, paradi paradise
Paradi, paradi, paradi, paradi, paradise
Paradi, paradi, paradi, paradi, paradise
I don't wanna sleep no more, been dreaming all my life

Had to leave my name on the memory lane
Look before we came tonight
Had to leave my pain on the midnight train
But it still might rain tonight

Had to leave my name on the memory lane
Look before we came tonight, yeah
Had to leave my pain on the midnight train
But it still might rain

Paradi, paradi, paradi, paradi paradise
Paradi, paradi, paradi, paradi, paradise
Paradi, paradi, paradi, paradi, paradise
I don't wanna sleep no more, been dreaming all my life

Paradi, paradi, paradi, paradi paradise
Paradi, paradi, paradi, paradi, paradise
Paradi, paradi, paradi, paradi, paradise
I don't wanna sleep no more, been dreaming all my life
