1K Phew

Aye, y'all see them folks over there  
Them folks watching too hard, boy  
Leggo live

They must not believe me  
I just took it easy  
(Huh?) Just turn on the TV  
(Huh?) Don't watch me, just watch the TV

Live television, goin' live television  
Live television, goin' live television  
(Huh?) Goin' live like the TV  
(Huh?) Don't watch me, just watch the TV

Had to flex a muscle up  
We should keep the struggle out  
Thick and thin we had to tussle out  
Got a lot to hustle 'bout  
We gon' make some noise, they know we them boys, yeah  
Grabbin' trophies just to bring the family joy, yeah  
Be your own boss, never unemployed, yeah  
Springtime, man, that May weather, they gon' call me Floyd, yeah, we the champs  
Gotta spark a fire if you comin' with the camp  
Drippin', so be careful, it might get a little damp  
Movin' like a mailman, finally got a stamp  
In my own channel and I'm amped  
Oh yeah!

They must not believe me  
I just took it easy  
(Huh? Aye) Then turned on the TV  
(Huh?) Don't watch me, just watch the TV

Live television, goin' live television  
Live television, goin' live television  
(Huh?) Goin' live like the TV  
(Huh?) Don't watch me, just watch the TV

Wait, I say ok, ok, ok, ok  
If they see me fall like OJ, they be toastin' Rosé  
When they see me win they quiet, they all be like no sé (shhh)  
No comprendo, lo siento, olé, olé, olé  
Miss with the bull, yeah, catch me on the tour, yeah  
We don't shuck and jive, we tryna give these people tools, yeah  
We're so well informed, no, muscled up like Arnold  
Terminate the hate and never had to lift an arm  
Eastside of Atlanta, used to stay off Moorland Ave  
I told Phew I'm on my way, man, he ain't ever pictured that  
Put some money on your partner books and look out for your fam  
Yeah, they might see me on TV, we just tryna light the path like

They must not believe me  
I just took it easy  
(Huh?) Then turned on the TV  
(Huh?) Don't watch me, just watch the TV

Live television, goin' live television  
Live television, goin' live television  
(Huh?) Goin' live like the TV  
(Huh?) Don't watch me, just watch the TV

We should turn the volume up  
I've been shinin' since the sippy cup  
I'm 1K and not a cover-up  
I'm a winner, not a runner-up  
Never sleep 'cause I might miss it if you cross me  
People catchin' feelin' 'bout the kid, tryna moss me  
Boomerang back, every time they try to toss me  
Payin' dues, if I lose, boy, it might cost me  
Blessings falling down from the sky, I'm talkin' mayday  
First class favour on the way, I'm talkin' Grade A  
Friday nights, I think I'm Montell Jordan, Craig, and Day-Day  
If you think we lost, you must be next you little pay day

They would not believe me  
I just took it easy  
(Huh?) Then turned on the TV  
(Huh?) Don't watch me, just watch the TV

Live television, goin' live television  
Live television, goin' live television  
(Huh?) Goin' live like the TV  
(Huh?) Don't watch me, just watch the TV
