(The world is yours)

Like, shit, fuck, damn, hold up, wait just a minute  
Too much money, pockets can't fit it  
Four, five shots, this MAC got no limit  
Bitch call me, said she want to visit  
Come through, bitch, fuck you  
Ten racks my kicks, like Kung-Fu  
Want beef, then I hit 'em with the one, two  
One, two shots to your dome, now you're done soon  
Like, shit, fuck, damn, hold up, wait just a minute  
Too much money, pockets can't fit it
