

## leave

1nonly

I got to go  
Thousand dollar tee, Number (N)ine  
Thousand dollar jeans hold my nine  
You don't know what I've been through, what I've seen with my e  
yes  
Money come in, then I leave on the guys  
New glitter, stacked wrist, bust down on the watch (Watch)  
How you at my shows, but then wanna see me flop?  
I done made a couple hits, and now another bitch talkin'  
Bulletproof vest, if he talk, I 2Pac him (Ayy, ayy)  
If you wanna run up on me, got a melon on me  
Harder if you kick rocks, then to throw a pellet on me  
Think you want to blick talk 'cause you want attention, homie  
Got yo' bitch lip-locked, she release her stressin' on me (Ayy)  
She said, "Don't leave, how you gettin' money?" Can't believe  
That you actin' funny since the green  
I put 'em in a coffin, put a red dot on the beam  
"Don't go," I already want to lea-lea-lea-  
lea' (Lea', lea', lea', lea')
