

# Moon And Stars

1nonly

Said you the moon, you the stars  
Baby let's go fly to Mars  
I want you soon, going far  
Baby I like where we are  
'Cause you the one, one for me  
Baby we can be a team  
I'll show you love, in my dreams  
Baby you just what I need

Said you the what?  
You the best girl  
Baby you impress girl  
Hoping you don't leave me  
Please don't leave my heart a mess girl  
Never have me stressed girl  
Need this off my chest girl  
You is so damn perfect  
Got me feelin' so damn blessed girl

Said you the moon, you the stars  
Baby let's go fly to Mars  
I want you soon, going far  
Baby I like where we are  
'Cause you the one, one for me  
Baby we can be a team  
I'll show you love, in my dreams  
Baby you just what I need

Your eyes they glisten like the stars  
You so lovely like the Moon  
Baby you're my Mia Wallace  
I've been thinking about you  
I be hopin' that you love me  
And I'm hopin' that it's soon  
I don't care about the money  
I just wanna see you bloom

I just wanna see you up  
I just wanna see you shine  
I just wanna be your everything, wanna be your guy  
Girl I know your eyes they glisten, they're so pretty like the sky  
And together we're not missin'  
I don't wanna see you cry

Said you the moon, you the stars  
Baby let's go fly to Mars  
I want you soon, going far  
Baby I like where we are  
'Cause you the one, one for me  
Baby we can be a team  
I'll show you love, in my dreams
