Baby I be pullin' up, I'm pullin' up  
I don't really wanna fuck  
Just want your love  
With you I be feelin' up  
Not feelin' numb  
Baby can I be the one?, your only one  
Baby I be pullin' up, I'm pullin' up  
I don't really wanna fuck  
Just want your love  
With you I be feelin' up  
Not feelin' numb  
Baby can I be the one?, your only one

I don't wanna waste my time  
Spendin' money on these bitches  
Baby you the only one  
You be all up in my mentions  
Staring at you in the night  
While the stars shine and glisten  
Baby I can treat you right  
Fuck you once and make you finish

Baby you so fine, yeah  
You a dime, yeah  
Maybe we can grow and shine, yeah  
You is mine, yeah  
Wanna hold you from behind, yeah  
Is that fine, yeah  
I don't wanna waste my time, yeah  
Please don't lie

I don't wanna waste my time  
Spendin' money on these bitches  
Baby you the only one  
You be all up in my mentions  
Staring at you in the night  
While the stars shine and glisten  
Baby I can treat you right  
Fuck you once and make you finish

Baby I be pullin' up, I'm pullin' up  
I don't really wanna fuck  
Just want your love  
With you I be feelin' up  
Not feelin' numb
