Hi, is this Prodigy?
Milasius, come back

I know that it's quarantine
I don't wanna be your thing
I just wanna be your one and only, be your everything
I know that you love me, and I hope you mean that
You the only fish up in the sea I wanna reel back
I know that it's quarantine
I don't wanna be your thing
I just wanna be your one and only, be your everything
I know that you love me, and I hope you mean that
You the only fish up in the sea I wanna reel back

My mama said that there's a lot of fish in the sea
But you're the one I want, I know I'm the one you need (The one you need)
Come with me, baby, come inside the sheets
I wanna feel your body, baby girl, right next to me

She call me up like always
'Cause I deliver what she needs
And even though it's quarantine
You know that I'm inside of her sheets
We always FaceTime at night (At night)
I don't get sleep
My phone buzzin' like fives, I won't lie (I won't lie)

I won't lie, I don't know if this is right
But you still like my touch, always call for the night (For the night)
Don't know if this is true
But you inside my room
So let's make the most of it, baby, if you in the mood

I know that it's quarantine
I don't wanna be your thing
I just wanna be your one and only, be your everything
I know that you love me, and I hope you mean that
You the only fish up in the sea, I wanna reel back
I know that it's quarantine
I don't wanna be your thing
I just wanna be your one and only, be your everything
I know that you love me, and I hope you mean that
You the only fish up in the sea, I wanna reel back (Reel back, reel back, reel back)
