Hit her DM cause I ran out of patience
We tryna feel each other so we don't use latex
When I put it in, she can't take it
Treat her like a backwood, I just wanna face it
Birthday suits, cause I'm tryna fuck naked
I know I'm talking crazy, but I ain't drunk texting
I don't want a lot, I just hope you get the message
I only fuck you I ain't gotta get tested
I only fuck you I ain't gotta get tested
Girl you know you my bitch, not my best friend
Hit me up we can go to the West Inn
Pull up in a spaceship like The Jetsons
