Yeah, woah

(Pull some of that base out, Bruce)

This one ain't for you if I can't fuck you on the floor
Pick you up then eat it out then fuck on you some more
Know that pussy wet, I see you leakin' through your shorts
Fuckin' you and make you scream my name until you hose
Fuckin' you, fuckin' you, we never make love
But your nigga a substitute
Playin' with that pussy, you know how I be touchin' you
Kiss on your back and your pussy, your mouth and your pussy again
Ain't no pull out, girl, I'm leavin' it in
Ain't no pull out, girl, I'm beatin' it in
Missionary from the side, turn around and then we go doggy again
Picking you up, we go froggy again
My cardiac gettin' foggy again
Got you so high, got you sweatin' so much that that pussy get saucy again
Beat up them walls whenever you need it, you know you gon' call me again

Tellin' me, yeah

What you gon' do to me, yeah

And what I'll do to you

I know that pussy don't get this wet, unusual

When I look at you on-top, you look so beautiful, oh

Tellin' me, yeah

What you gon' do to me, yeah

And what I'll do to you

Girl, why you doing all that running, where you going to?

Wherever you go, girl, I'm gon' go, you know I'm coming too

Can I come with you?

Take your panties off, never mind, pull 'em to the side

I'ma do it like a nigga never did it

Eat it on the couch, let it drip in my mouth

Beat it up, beat it up, beat it up

I'ma make every stroke count

Legs in the air, pullin' your hair, I'm thinkin' 'bout bein' your man

Corona can't stop me from seein' you

That pussy A+, I hope that you never stop being you

I believe in you, It's me and you, I be freakin' you, I be eatin' you

Lickin' on every lil' piece of you

I go deep in you, let me go deep in you

I'm gon' touch on the spots that you need me to

Tellin' me, yeah

What you gon' do to me, yeah

And what I'll do to you

I know that pussy don't get this wet, unusual

When I look at you on-top, you look so beautiful, oh

Tellin' me, yeah

What you gon' do to me, yeah

And what I'll do to you

Girl, why you doing all that running, where you going to?

Wherever you go, girl, I'm gon' go, you know I'm coming too

Can I come with you?
