That nigga got on dirty Airforce 1's, you better not trust it  
I ain't showing love to my lungs, the way I puff it  
I just missed a flight to get some head, she so disruptive  
I'm finna hit the bitch like a pinata, watch her bust it  
On Instagram, my DM's closed unless we fucking  
She asked me can we cook? I'm pulling me straight out the oven  
Like why these niggas flying out of nowhere? Because I'm buzzin  
I just asked [?] nigga, you is not my cousin

I just counted what these niggas give, it equal nothing  
Any nigga asking me for shit, gotta be bluffing  
I did it myself, ain't beg for help when I was struggling  
With or without the condem, I'm the one they fuck with  
Ten G's, ten hour flight to get her butt lift  
Like a newborn, let me be the first one to touch it  
Ass so soft like a new pillow, I keep hugging it  
Last nigga went back to barber school, he wasn't cutting it  
He don't ever let her come out the house, like she on punishment  
She probably somewhere now, swinging at the air, punching it  
'Cause she know I'm throwing up her rent, and I'm giving dick  
Eeny miny mo, call me the captain, I can pick a bitch  
Bob the Builder, let her keep on playing, I'll fix a bitch  
Ever since I lost my sloppy topper, I've been missing it  
Something about it, it was amazing when she did the twist  
Finna risk it all, I just told her nigga that's my bitch

Everytime he take me to the mall, he using debbit  
I ain't even have to ask the nigga, and he sent it  
Bitches taking [?] credit  
All you gotta do is ask, I'll tell you if I said it  
I don't do the petty shit, just step to me and dead it  
Can't pick up my [?], I'm on the road, need you to mail it

She just brought up me eating her out, I changed the subject  
Niggas be so dry, did he really just ask her what's neck?  
I only fuck with bitches that ain't giving up no coochie  
Niggas be too excited about this shit, I grew up in Louis  
Like I'm bragging 'bout special ed, I grew up with foolies  
Nigga, we don't fuck the same hoes, you acknowledge the groupies  
I'm getting chills on my neck, like I'm rocking the Boosie  
Only spent 30 on a chain, they like why did he do it?  
Like Ruth's Chris, it sound good, but you not the influance  
Niggas can't even pay the tip, like his bitch, he blew it
