

Don't Play Wit It

Lo the Great
If you dragging a waggen, I need you sit on floor
Right the fuck now, not over there
Not in the corner, not with her, not with him
And fuck them
Wait, wait, wait, hold up

You got all that ass, girl, play with it
You not slim, you caking it
I like the way you shaking it
I wanna have a date with it
Soft, I wanna lay with it
The thickest, you my, the thickest, you my favorite
You got all that ass, girl, play with it
You not slim, you caking it
I like the way you shaking it
I wanna have a date with it
Soft, I wanna lay with it
The thickest, you my, the thickest, you my favorite

When you twerk, that shit turn me on, every time you look back
So thick, I'm staring at you, you not hard to look at
You so bad, like a baby kid, I'm tryna woop that
F it up, hands on your knees, do your big one
[?] one, no waist, you a sick one
Staring at you like a trophy, I know how to pick them
You look just like Pinky in her prime, call you Thickems
Thick as a motherfucker
All your friends look like peanut butter, y'all the thick crew
Booty shorts on, lil baby twerking like the rent due
She want glizzy, one of them just yelled what that dick do?
Back to back to back fades, I need my issue
This her part though

You got all that ass, girl, play with it
You not slim, you caking it
I like the way you shaking it
I wanna have a date with it
Soft, I wanna lay with it
The thickest, you my, the thickest, you my favorite
You got all that ass, girl, play with it
You not slim, you caking it
I like the way you shaking it
I wanna have a date with it
Soft, I wanna lay with it
The thickest, you my, the thickest, you my favorite
