Aye, you only call me when I'm with' my other bitch
Aye, you only call me when I'm tryna get rich
You called 100 times, this shit don't make no sense
But I'm declining it 'cause you be on that broke shit
I blocked you, yo' mama and yo' sister too
So what that mean? I'm probably not fuckin' with' you
Can't wife a bitch if she fuckin' on the whole crew
I ain't gotta do it, you already exposed you
They said you love to pop pussy, they was so true
Stop reminiscing, talkin' 'bout how we was so cool
I'm prayin' that you move on like you supposed to
Like yesterdays episode, bitch you old news
If you lookin' for a square, I'm the wrong dude
Aye, put it in her stomach, call that soul food
Now you realize I'm the one, bitch I told you
But you trash, so I had to dispose you

Hello? What the fuck do you want?
Hello? Stop calling my phone!
Hello? What the fuck do you want?
Hello? Stop calling my phone!
Hello? Aye, what the fuck do you want bitch?
Aye, what the fuck do you want bitch?
Aye, what the fuck do you want bitch?
Aye, what the fuck do you want bitch?

Livin' my best life, bitch please don't fuck it up
'Cause you the type to see I got a bitch and try to fuck it up
Them old texts and old pictures, girl please give it up
Like mean girls, I hope yo' ass get hit by a fuckin' bus
You bad energy, I promise you are not a vibe
I don't smoke, but you still fuckin' up my high
You in my face, but you the last thing on my mind
I'm not fuckin' with' you, can't say that enough times
Stop callin', 'cause my new bitch crazy
Instead of mace, this bitch carry a.380
Instead of hoes, I be with' her on the daily
We focus on each other 'cause we both ain't got no babies
Can't argue with' you if that shit ain't finna pay me
It's always bitches with no money talkin' crazy
I'd be damned if I let a bitch play me
I'm finna send this to yo' nigga, bitch say cheese
