1TakeJay

Wait, Hol Up, I'm finna turn this bitch up

I'm ridin' through your hood with your bitch

Look how I'm actin' (Look how I'm actin')

I'm a god damn fool

Post a pic on the 'Gram, I be fly

I don't need a caption (Don't need a caption)

I ain't gon' say too much (I ain't gon' say too much)

Spittin' game at these hoes like a AK, my shit automatic (My shit automatic)

I slid in her DM, nigga (DM, nigga)

She don't come around no more after the sex 'cause I do the damage

I beat the whole pussy up

I get it cracking, baby, I'm the big dick bandit

Hit the club, throwin' ones if you dancing

Rockstar life like I'm Marilyn Manson

Stay dangerous, shit could get tragic

I be doin' shit that you can't do, you get that right?

I don't think you understand

The closest you gon' get to my bitch is a Instagram like

Prolly not even that

Speaking on me really made me think that you need some advice

Don't play with your life

Buyin' out the mall when I ball like I can pay for your life

I'm payin' the price

Ten times out of ten, I can get her, I'm rolling

I feel like a nigga off a [?]

Broke as a bitch, now I got six figures

If I don't hit the first night, I'ma quit her

Your nigga mad 'cause he broke and he bitter

He always catfishing, his life need a filter

You don't trap, you ain't never been a drug dealer

Buyin' all them guns, you'll never be a killer

Before these niggas kill me, I'm tryna make a killing

I'm just tryna run 'till I run into a million (To a million)

I don't feel love, we ain't got the same feelings

Middle finger to your children

I be doin' shit that you can't do, you get that right?

I don't think you understand

The closest you gon' get to my bitch is a Instagram like

Prolly not even that

Speaking on me really made me think that you need some advice

Don't play with your life

Buyin' out the mall when I ball like I can pay for your life

I'm payin' the price
