

My Thang

1TakeJay

Duh Duh It's Twonie Bo
Wait, hold up
I'm finna turn this bitch up

Early morning waking up the whole house
No bra, titties loose, toes off
One mimosa, got the bitch showing off
Neighbors up 'cause the music's so loud
Watch out, she finna back that thang up on my thang
Watch out, she finna...
Watch out, she finna back that thang up on my thang
Watch out, let the lil' bitch do her shit though
Everybody watch fuck out (Watch out)
Watch out, let the lil' bitch do her shit though
That's the lil' bitch do her shit
Watch out, please let her just do her shit though

Sweat the weave out, I can see the leave out
Fucking with a bitch, I gotta jump to get in jeans now
Working with the trainer, but ain't lost nothing but three pounds
Ass so big, she ain't lost nothing but three pounds
Throw it back, catch it like a rebound
I like when the old bitch pull her teeth out
I just pulled the mic out, she did a freestyle
Three styles
How many?
Speed up, gas, break, dip now, bitch
Slow down, slow down
Slow down, slow down, slow down

Early morning waking up the whole house
No bra, titties loose, toes off
One mimosa, got the bitch showing off
Neighbors up 'cause the music's so loud
Watch out, she finna back that thang up on my thang
Watch out, she finna...
Watch out, she finna back that thang up on my thang
Watch out, let the lil' bitch do her shit though
Everybody watch fuck out (Watch out)
Watch out, let the lil' bitch do her shit though
That's the lil' bitch do her shit
Watch out, please let her just do her shit though

Come on, let her just do her shit though (What we doin'?)
The two hand twist though
Halloween came, what he is though? (Wow)
Bitch, I'm a Kool-Aid pickle (Yeah)
Always at the club with a rent go
Bitches on the floor where the tips go
Keep throwin' 'til it's just gone (Wow)
Why I can't feel my right arm?
Lil' bitch, let her fuck it up to instrumentals
Bestie in the building now I'm Malcolm in the Middle
Taste the rainbow
Ay, come on, just a little
What I do get a bitch a mouth full of skittles
Shake it like you tryna make your baby daddy mad

Shake it let your baby daddy, know what he had
Nigga left, boss up, BBL, new bitch
So when he tried to come back, she said fuck that

Early morning waking up the whole house
No bra, titties loose, toes off
One mimosa, got the bitch showing off
Neighbors up 'cause the music's so loud
Watch out, she finna back that thang up on my thang
Watch out, she finna...
Watch out, she finna back that thang up on my thang
Watch out, let the lil' bitch do her shit though
Everybody watch fuck out (Watch out)
Watch out, let the lil' bitch do her shit though
That's the lil' bitch do her shit
Watch out, please let her just do her shit though
