(Low the Great)  
(Bigg Boo the Beat Junkie)  
Wait, hold up  
I'm finna turn this bitch up

Pose, my image based off fashion  
Respectfully, my diamonds don't need flashes  
Be cool, my city don't give passes  
Hold on, I think she wanna fuck, I got action

My diamonds don't need flashes  
My city don't give passes  
I think she wanna fuck, I got action

All of my songs full of fire-ass captions  
Play this in the club, everybody shaking asses  
Too much liquor, couldn't throw me off balance (Never)  
Every problem getting solved with the hammer (With the hammer)  
It's a stickup, everybody do the ratchet  
It's a stickup, everybody do the ratchet  
Nobody moving, but my diamonds still dancing (My shit busting)  
What's the name? Uh, bitch call me handsome  
Poke first night, yeah, I fuck with all randoms  
I don't want nobody that I had, you can have her  
Dog shit on me like I pulled it out a Pamper  
She like gifts? Bitch, marry Santa

I can't catch my breath, I got asthma  
I seen a slut, adjust her butt to gigantic  
Prada glasses, Moncler puff my jacket  
The bottom of my Christians Tiki Punch like Shasta  
I taught her no teeth when I touch tonsils, stop gagging  
Bro, I'ma just delete the whole convo, stop rambling  
I got it all GG 'cause I bought the whole mannequin  
I had it all 'Miri jeans for all my appearances  
Her VVSs don't need flash to make the pendant hit  
Birth certificate and badges, it's legitimate  
In the city, it's no passes, you know what it is  
Wait, hold up, pose for the camera, get a pic'
