Man, everybody got bands all of a sudden, I love to see it  
Stop playing, we know that EDD came through, you broke  
Wait hol' up, I'm finna turn this bitch up

I can't buy nothing with, nigga, I don't want no street cred  
Niggas fake, niggas nerds, nigga, we can't be friends  
That broke shit might rub off on me, I don't shake hands  
I just spent a thousand on some ashy ass grey pants  
I just let your bitch suck this dick, I'm a great man  
Niggas purchase everything I drop, you a great fan  
It ain't cost a lot, but I can't see through these Ray-Ban's  
If I want it, I'ma buy that shit, fuck a payment  
Bitch, I'm not a calendar, so I ain't into dating  
Overweight, but if it's about a bag, I win races  
Niggas broke as fuck, even that cash couldn't save them  
All these niggas bums, I want to kill whoever made them  
(Where your momma at?)

Text back, she can't get that, fuck the chit chat  
Why you worried about it if your mouth ain't where my dick at?  
I don't even smoke, but I'll probably fail a piss test  
Nigga, shut the fuck up before I have to hit your bitch next  
Niggas always bragging about that pussy, man, it's just sex  
Niggas always hating on my life, man, I'm just blessed  
My niggas don't post money, I call that a rich flex  
That was his bitch, I showed up, now that's his ex

Pillow talking, you can't hold water like a fish net  
Niggas get to crying about these hoes, I don't get that  
Me against any nigga breathing, this a mismatch  
Room full of bitches, nigga, this my type of kick back  
I'm a little nigga, but my money weigh a big bitch  
Prada's on my feet, I like big shit  
Custom collection on my back, you can't get this  
No purse, but I'm in my bag like lipstick  
Big shoes, skinny ass pants, I'm a misfit  
Fuck Santa, I got everything on your wish list  
Niggas broke, I promise unemployment can't fix this  
Only thing I can't do is kiss a bitch lips
