Always losin' all ma mind ye ye (ye ye)

Put down your worries, let's dance
Starting from here to the end line up and dancin'

Don't care too much
About the biased eyes
Go around, around, around
Ignore them, you're better than them

It's a habit, this vibe gets me up
Drunk with this excitement, oh oh

Life is fifty fifty ye you never know ay
Get drenched with sweat and sing
And I got party people
Up alnight like oww

Spin with swag, spin and move your body
Don't just look, slow, slow, that's too boring
Today, just push it to tomorrow

Spin with swag, spin and move your body
Jump jump like you're crazy, keep going
Yes, just like that, don't fall out in the middle

We have a long way to go
