Just gave a hundred dollars to the water boy, keep it straight up and  
down like corduroy  
The forty got a thirty and it's paranoid, if I ain't have no bags to  
sell I'd be unemployed  
You know I smoke a lot for the pain, bitch, money talk, yeah, I speak  
the language  
If you fuck with me, gonna sang this  
How you gon' be broke and famous?

They tell you be safe, stay dangerous  
They'll swap ya life out for payments  
My homie just skipped his arraignment  
The last pic he posted looked like the Caymans  
Okay, sipping slow, had her climbing shit on her tippy toes  
Lick it slow, I'ma cash you out, baby, give and go  
Lumenin, I can see the light when the blinds close  
From the trench I can smell a snitch, nigga blindfold

Walk in the spot and I think I smell rhinestones  
You got a fake chain, cool you can't have five on  
This a no fly zone, somebody turn the lights on

You know I smoke a lot for the pain, bitch, money talk, yeah, I speak  
the language  
If you fuck with me, gonna sang this  
How you gon' be broke and famous?

Double cup, same meal for my brain cells, what we do baby, this is gr

the language
