They saying that I rap, I can't go back in the trap

Smoking back to back in the back of the 'bach
You niggas know me but they don't know Jack
Yeah Jack my engineer, all we do is persevere (yeah)
Jump on the beat like I'm doing it for Emmett Till
Jump on the track like I'm doing it for the Olympics
Money in my pocket got it looking like I'm limping
You can't see my vision, it's more then 20/20
It's more like 50/50 cuz I split it with my niggas
I do this with precision, I'm something like a welder
I'm over nigga's top, man I'm something like a shelter
Umbrella, pockets on Grizelda
I'll take off on you nigga, think I work for Delta
Take off on you shorty, 2 chainz what they call me
Keep on sleepin on me, they gon' need some coffee
