

# Here We Go Again

2 Chainz

Yeah, let me catch a motherfucking wave  
I got a Chanel surfboard let me catch a wave

Woke up this morning  
Dick look like a flag pole  
Gotta catch me a bad throat  
Shit, 200 on the dash board  
If you feeling froggy lil nigga gonna jump he still a lil tadpole  
Yeah I move a little tad slow cause I'm sipping on the castro

Here we go again  
I drink a four again  
Not going poor again  
Young nigga supposed to win  
I asked the Lord to forgive me  
I asked the Jiggas for endearments  
Diamonds for wife and the children  
This is my life I'm a live it

I got Jesus on my pendant  
Been hustling since an appendix  
When you look up I'm lieutenant  
When you look up for attendance  
Gucci sun all of my tennis  
Make this shit look like a business  
Make killers look like a witness  
Make shopping look like a fitness  
Ran the trap fuck the Olympics  
You wasn't there you must missed it  
I posted pics on my Insta  
Don't you become a statistic  
Don't you know I know logistics  
Still got Riri on my wishlist  
Your lady got me on her hit list  
Don't think you gonna forget this

Here we go again  
I drink a four again  
Not going poor again  
Young nigga supposed to win  
I asked the Lord to forgive me  
I asked the Jiggas for endearments  
Diamonds for wife and the children  
This is my life I'm a live it

Yeah, I know they like what's he saying  
Spondivits, that's some south side shit  
Some Atlanta shit, Virginia Avenue  
I used to go up in there get me a bucket of crab legs, melted butter  
But at the same time I got a jug in the parking lot though, you dig  
Here we go again  
I drink a four again  
Not going poor again  
Young nigga supposed to win  
I asked the Lord to forgive me  
I asked the Jiggas for endearments  
Diamonds for wife and the children

This is my life I'm a live it  
I tell em', I tell em' meet me over there by the Waffle House  
I'm selling bags though no lil shit no poquito

Muy grande, muy muy grande, plug talk  
You muy poquito, me muy grande
