

# MUTUAL BONDS

2 Chainz

Say this to yourself  
I believe in me  
You gotta believe in yourself first  
Before anyone else can believe in you

I pop with you, if you pop with me  
I pop with you, if you pop with me  
I pop with you, if you pop with me  
I pop with you, if you pop with me

Look, there go somebody flier than me; made ya look  
And the voice in your head is God, that's my favorite book  
I'm the author, money on the wood, it's understood  
But instead I had to skip class, and go and make a jug

College grad, might I add, let me retract  
I'm a gift that's already open, let me rewrap  
Had it up to here with the money, talking kneecap  
It's a thin line between cousin's house and the dfcs

Asked them folks to give me a chance, I'm just a juvenile  
Got so high, told my attorney that I'ma sue a cloud  
Catch me backing out of a space, I can move a crowd  
If somebody die over here, the neighbors moving out

Always get portrayed as a villain, oh what a feeling  
Ran this nigga off of adrenaline and got a million  
Then got another mill, can't forget the other deal  
Yeah, I got plenty more, nigga, I'm talking twenty more

I do a show in the Fendi store  
You know I'm great, I'm talking eight, I'm talking twenty-four  
I'm talking pool, I'm talking lake, I'm talking tennis court  
I'm 6'5, it's hard to ride in an Aventador

I pop with you, if you pop with me  
I pop with you, if you pop with me  
I pop with you, if you pop with me  
I pop with you, if you pop with me

Red clay under my shoes like Louboutin  
Out here doing the best we can, just me and my mom  
Every now and then, it's a man, and then he'd be gone  
If you don't understand what I'm saying, then leave it alone

Environment where I'm from is character building  
Get rich, get out the slum, have arrogant children  
Go through this you'll probably need therapy, probably need healing  
Where I'm from, niggas be robbing, niggas be stealing

Where I'm from I'm in the building, gun in the building  
Trapped on the cement, wheeling and dealing  
Making it work, wonderful feeling  
Take 'em to church, true to my religion  
Do the research (do the research)

I pop with you, if you pop with me

I pop with you, if you pop with me  
I pop with you, if you pop with me  
I pop with you, if you pop with me, yeah
