(Rest in peace Pimp C!) (3x)

OK, I've been the guy, look in the sky
Rain hit my building, make my window cry!
My uncle on that gin, it's like genocide
We kept 'em pillows sex we can have a pillow fight
Where my girl left, I wasn't feeling right!
And despit she extra nice; she start catching feelings, I'm a catch a flight.
She said I hurt her feelings now she's dating dykes
I'm glad this ain't no movie, you ain't acting right. (Tell 'em!)

Take that shit off, bend over, let me see it!
Take that shit off, bend over, let me see it!
I said take that shit off, bend over, let me see it!
Take that shit off, bend over, let me see it! (2x)

I said take that shit off, bend over.
10 soldiers; We're the opposite of being sober,
Girls don't eat soda!
Coidene and cream soda, different weed odors
California, you can smell it in a coma!
They say the world is finna end, so I made me a bucket list,
All I wanna do is just fuck; so this my fucking list!
Even if we ran us a train; you couldn't fuck with us,
And yeah I got me a bankroll; I need a bunch of ones...

Take that shit off, bend over, let me see it!
Take that shit off, bend over, let me see it!
I said take that shit off, bend over, let me see it!
Take that shit off, bend over, let me see it! (2x)

Pimp C back, now what the fuck is up (3x)
