

Riot

2 Chainz

Damn right they got it, damn right they got it (4x)

I say lame n-ggas be quiet, lame n-ggas be quiet,
Lame n-ggas be quiet You in the presence
I say lame n-ggas be quiet, lame n-ggas be quiet,
Lame n-ggas be quiet You in the real presence

I eat your girl up for breakfast, won't save you no extras
Say she f-cking with me cause a real n-gga is her preference
Drinking like I'm from Texas, and you know I stay flexin
And if you don't know I go by tity two necklace

Damn right I got it, damn right I'm bout it
Click full of killers, please don't get us excited
Yea I'm smoking loud so lame n-ggas be quiet
If you f-ck with us, we gonna start up a riot

I'm a start a riot, I'm a start a riot (4x)

I ain stunnin dese n-ggas, I ain stunnin dese bitches
2 cigar rellos, look like extension
Yeah I'm from the south side, her mouth wide
My pack loud, My gat loud I back out, And click clack pow pow
Court dates Still Trial, My rep is a reptile
Now later, alligators, I step ona work like a step child
Pimp up, hoes down, make your girl pull her clothes down
Her hair down and I'm down
Her phone off so don't dial
Dis right here is dat no style, I don't know how I do the shit
I'm true to this
True religion, they takin swag with no permission
All year it's Gucci season, Gs on my belt buckle
Cocaine on my left knuckle, Kill your barrel wats left of you

Damn right I got it, damn right I'm bout it
Click full of killers, please don't get us excited
Yea I'm smokin loud so lame n-ggas be quiet
If you f-ck with us, we gonna start up a riot

I'm a start a riot, I'm a start a riot (4x)
