## 2 Chainz

See, we stacked down 'til we came up  
And the same niggas we used to look up to  
Now break bread with a nigga  
Haha, Teknikz the muhfuckin' DJ! Talk to em, Tit!

'Member in school?  
Teacher asked me what I want to be when I grow up, you know  
You know, what I look up to  
I told her I wanted to be the muhfuckin' dopeman, you feel me?

As a young nigga, seen 'em getting to the money  
Told my mama, "One day I'ma be one of 'em"  
So many court dates, I'm damn near gone Sundays  
Back in the day when ya safe was ya undies  
And I can't complain, I'm tryna take a plane to Onyx  
Yeah I'm fly wit ya woman, I get high wit ya woman  
They really can't rap so these niggas started humming  
As soon as they did, 12 start coming  
You hear them drums? Give the drummer some  
Nah (nah) for real, you need to give Drumma some  
I looked up to the hustlas in the foreign cars  
Who got that strong, Superman, that dun-ta-dun

I'm problematic, problem with the automatic  
Close-knit shit, cut from a different fabric  
Very necessary, d-boys are legendary  
My Pops hustled, so do I, it's hereditary  
These niggas acting like girls, Tyler Perry stuff  
Wanna get with me, I tell 'em, "Neveruary 31st"  
Under drugs, it was upstairs, say all I talk about  
Is Gucci shoes, but I got more than one pair  
One scale, two bales, and a cell phone  
Give me two weeks, I turn this shit into the Velvet Room  
Velvet rope, red carpet, inhaling smoke  
Imagine getting awards just for selling dope

Sip lean up, we drink out the gold bottles  
New Vogues on Lacs like the old models  
Wet paint, big feet, make it more hard  
Came out the hood from a broken family  
The streets was my teacher, they showed me no amnesty  
Courts start attacking me, on top of that they adding fees  
Stack cheese to stay up, but more important is lawyer fees  
Coach said I was a point guard  
But I'm posted up on the block and I go hard  
Skills of a big man, nah, I'm a dope boy  
Big bomb in the bushes, pistol in my ho car
