

## Smoke Break

2 Chainz

Should be on cover of the High Times  
Walk in my closet, get SkyMiles, trap Einstein  
Japanese, all them wontons  
Gave her a D like Sean Don, told shorty quiet down  
So many acres man, my kids can't trick or treat  
Because them neighbors stay on a whole 'nother street  
Politics as usual, I bought a suit for it  
Puff got a party Friday, I bought a coupe for it  
Who you know buy them bottles and don't drink  
I sleep, fuck, shower in my gold link  
Got Tity Boi tatted on her butt cheeks  
If you don't pray for 7 days that make one week (weak)

Uh, let's take a smoke break  
Got a 38 special, that hold 8  
Got a room with marble floors and gold drapes  
With a bad ass bitch that like to serve grapes

Got a Wraith I use for that bachelor pad  
Still made all A's in back of the class  
On the cover now, started from bak of the mag  
Now it's back to the bag, got my happiness back  
If I happen to brag, it's accepted by the culture  
Dunking And1, touch down vulture  
This is every what happen mixing cocaine with soda  
You get me with and a Rollie, you get me, nigga hold it  
This the crack vial chronicles, explore Nautica  
Eddie Bauer Expo, AR silencer  
Vibrant like the spring colors, rapping 'bout them teen murders  
Rapping while I'm mean mugging shouldn't get supreme coverage

Uh, let's take a smoke break  
Got a 38 special, that hold 8  
Got a room with marble floors and gold drapes  
With a bad ass bitch that like to serve grapes  
Yeah, let's take a smoke break  
Got a 38 special, that hold 8  
Got a room with marble floors and gold drapes  
With a bad ass bitch that like to serve grapes
