

Stockholm Love

2 Skinnee J's

Baby you got what you wanted, haven't you
Now they mad at you
In a frenzy 'cause they envy you
So they send in all the small men who will call you
Underhanded, pullin band-aids,
Staring down the barrel of a double standard
But i understand you like nobody
I do for you like you do for me
I got the time, if you've got the patience
(Chorus)
I've been kidnapped, high jacked
Venus fly trapped
But please don't let me go
I'm here waiting, fadin, no use negotiating
STOCKHOLM LOVE!
They legions and legions of reasons and reasons
To let me walk out that door
But I am your man for all seasons
And the reasons are not my concern
Even hold some things at ransom
I won't reveal the lies
Could it be that I don't want to leave 'cause I can't, son
I've been hypnotized
I got the time, if you've got the patience
(Chorus) (two times)
I've been kidnapped, high jacked
Venus fly trapped
But please don't let me go
I'm here waiting, fadin, no use negotiating
