2 Unlimited

Oh yes, we're back!  
We're here to remind you  
Oh yes, we're back!  
And we're here to stay  
We're on attack! Leave your worries behind you  
We're gonna party 'til the break of day

A new sound a new celebration  
Just relax your mind  
(Relax your mind)  
We'll get down from nation to nation  
Everybody's gonna have a real good time!  
Coz' we are back into the groove  
So come on let's see you move all night  
Yes, we are back into the groove  
Let's get in the party mood tonight

We took some time to get it together  
Right down the line to get it complete  
Coz now's the time we're back and we're better  
We're even better than we used to be

A new sound a new combination  
We'll revive your mind  
(Revive your mind)  
In every town from station to station  
Everybody's gonna have a real good time!

Coz' we are back into the groove  
So come on let's see you move all night  
Yes we are back into the groove  
Let's get in the party mood tonight

We're gonna be back, back into the groove, yeah

Yes we're back down in the groove  
Yes we're back down in the groove

Coz' we are back into the groove  
So come on let's see you move all night  
We're gonna be back, back into the groove, yeah
