2 Unlimited

Ohhh... Why don't you catch me?  
Catch me, cause I falling deep down below  
I'm falling! Yeah!

There's no way out, man you try to escape  
Concentrate on your mind 'cause it might just break  
Into half, crack down fast  
I keep my face straight no need to laugh  
I did some right, I did some wrong  
I regret these things, but I gotta stay strong  
I feel the pressure, now don't you know?  
Catch me, 'cause I'm falling deep down below

Oh, I can't escape, I'm trapped there is no safe place to go  
And I do regret the things I did, but how on earth could I know?  
Here I go!  
Here I go catch me I'm falling deep  
Here I go  
Here I go catch me I'm falling falling  
Here I go

Here I go  
Here I go  
Here I go  
Catch me, come on

Now here's the question any suggestions?  
You play it yourself, taught yourself a lesson  
Out of your mind you feel like stressing  
Searching for answers, you keep on guessing  
You messed it up, you're living low  
How far you'll go, man I don't know  
Come out the dark, I'll bring you in the light  
And leave your problems all behind

Here I go  
Here I go again  
Here I go again  
Here I go  
Catch me, 'cause I'm falling deep down below!

Oh, I can't escape, I'm trapped there is no safe place to go  
And I do regret the things I did, but how on earth could I know?  
Here I go!
