

Paths To Carnage

200 Stab Wounds

Trapped in this fraudulent pain realm
The vision set for me is not yet clear
Two ways to my demise, the path is setting stone
It's drawing me with fear

Take me, take me to my grave
Forgotten bodies hidden by flame
Bewitched by Amon, submerged in pain

Ascending from under, subsiding to his hand
A wicked salve to the throne
Servants of Satan, tonight we take revenge
Our power overthrown

Kill, with lust
Rotten regurgitation, drink the pus

Deny, life, embrace
Follow the gleaming flame
Detailed and tortured shame
Promising your life

Sealed by Lucifer's knife
