

KNIFE

20TOKENS

Stab me with a knife
Made of empty words
But it hurts much more
(Hurts much more)
I'd rather die
But you pull halfway out
Like it does not hurt
(Does not hurt)
Stab me with a knife
Stab me with a knife
Stab me with a knife
Made of empty words
Like it does not hurt
Like it does not

I don't need to play tough guy to stay cool
I just don't need to be cool
Slavs don't cry, that's how my mama raised me
You think I'll cry for you? (yeah)

Get out of my head
With every thing you've ever said
I don't need you
I don't need you
But I know it'll never end
Your poison is running through my veins
Stab me
Stab me

Stab me with a knife
Made of empty words
But it hurts much more
(Hurts much more)
I'd rather die
But you pull halfway out
Like it does not hurt
(Does not hurt)
Stab me with a knife
Stab me with a knife
Stab me with a knife
Made of empty words
Like it does not hurt
Like it does not

Make me unalive
On you to decide
I'm fading
Slowly fading
Make me unalive
On you to decide
I'm fading
Slowly fading into you
I'm fading into you
I'm fading
I'm fading

Stab me with a knife

Made of empty words
But it hurts much more
I'd rather die
But you pull halfway out
Like it does not hurt

Stab me with a knife
Made of empty words
But it hurts much more
(Hurts much more)
I'd rather die
But you pull halfway out
Like it does not hurt
(Does not hurt)
Stab me with a knife
Stab me with a knife
Stab me with a knife
Made of empty words
Like it does not hurt
Like it does not
