

PRETTY CRYING

20TOKENS

Damn you're so pretty
When you're crying
Baby, don't you remember
That love is demise
Kill or be killed, no
Baby, you shouldn't try this
You won't survive
Sorry, no, not this time

I forgot the last time I saw you sober
I forgot the last time I saw your smile
bury all your secrets in this ocean
that slowly flows in black from your red eyes

Oh, just cry
Go on, cry
I know that it's not hard for you
Cry
Go on, cry
let me drink your tearful poison

Damn you're so pretty
When you're crying
Baby, don't you remember
That love is demise
Kill or be killed, no
Baby, you shouldn't try this
You won't survive
Sorry, no, not this time

Damn you're so pretty
When you're crying

Damn you're so pretty
When you're crying

But you're gone
And you'll never come back again
I miss you
My darling, my pain

But you're gone
And you'll never come back again
I will never meet you again
My darling, my pain

Damn you're so pretty
When you're crying
Baby, don't you remember
That love is demise
Kill or be killed, no
Baby, you shouldn't try this
You won't survive
Sorry, no, not this time

Damn you're so pretty
When you're crying

Damn you're so pretty
When you're crying
