

Motorcycle Man

22-Pistepirkko

Everybody was excited
Everyone wanted to see the man
The man with the motorcycle
Soon to be coming to our town
I was scared, when he came
I saw him very clear
He was black, tall and the bike
Was the biggest I'd ever have seen
He took the best looking girl in town
With him to the hotel
That girl was Frank's girlfriend
Frank is my best friend
I heard, he'd been shopping
He took things, but didn't pay nothing
Everyone became furious
But nobody said nothing
He'd only eat, drink and f**k
Laugh loudly, when he said bath
Promised to burn the town to the ground
If we don't give him the crown
I was going home to sleep
When I met him in the street
He was bigger than what I thought
His face was ugly and dirty
He smelled of bull and booze
He said he don't like my face
I was thinking, what shall I do
He said: just keep going and walked through me
