Don't be afraid  
My little angel  
I wont let you go  
Don't be afraid my little angel  
They not gonna get you  
Don't worry my sweet angel  
Daddy trow away  
All the bad boys  
Daddy thow away  
All the bad boys  
I promised your mother  
To take care of you  
You look so much like her  
She meant so much to me  
You mean so much to me  
You look so much like her  
Don't be afraid  
My little angel  
I wont anything happen to you
