

Searching Looking

22-Pistepirkko

Waiting for my bus
Well Im searching and looking
Searching and looking for her
Walking away
Well Im searching an looking
Searching and looking for her
Is she wearing that same yellow dress
Walking with that same mamas boy
Hope she aint going steady
Waiting for my holiday
Well Im searching and looking
Searching and looking for her
And I am trying to stay clean
Well Im searching an looking
Searching and looking for her
Keep on wearing that same yellow dress
Forget all the other boys
Go steady with me
Well running around the street
Looking for my girl
Stopping at street lights
Waiting for my girl
Wheres that girl
Im looking for her
Wheres that girl
Im searching for her
One one one one
