Long live Nick, niggas be trolls, he was fuckin' them bitch
I know a opp who got hit in the mouth
I got line from a baba, he died on the street
How they be missin'? I think niggas cock out
We caught him at Popeyes and shot up his whip
I can't feel sorry for oppers who lackin'
Get killed in Manhattan, you better not diss

I heard they slippin', we tryna go blinkin', we caught him on pickin', I hom
ie a victim
Niggas be trickin' and lackin' for bitches, we spinnin' rotation and shootin'
' precision
My 'ooters vicious, so don't move suspicious
If they on the mission, they leavin' 'em missin'
Purgin', grinchin', they always fishin'
Bro hit a opp, first day out of prison

So many shots, ain't no way that he livin'
Dressed in all black so they can't tell who did it
Twirl emoji when them steppers is spinnin'
Right on the streets, they say 22 a villain

Bros in the can, said they was traffickin' guns on a Greyhound (Free 'em)
I was a youngin' wit' 9 'cause I kept it inside of the spray ground (No cap)
All that they saw was a Honda, they shot him for droppin' the rakes down
We get the drop, where he at? He ain't leavin', we leavin' him face down

Try to run till my stepper keep throwin'
Pack after pack, we get money and blow it
Switch on the back of the blick and we spill in the rentys
If we see 12 keep goin' (Gang)

Fuck all the typin', pass me the shiesty
Shots to the stomach, get him a diaper
Shooters like ISIS, yeah, we be snipin'
Bro in a can, sharpenin' knives up

Hang out the ceiling, do his, then we peelin'
If you ain't trappin', you better be drillin'
Last opp nigga got smoked in the Sprinter
He unresponsive, I think he finished

We ain't have cars, we was spinnin' on bikes
Spin through my block, don't get caught at the light
Spot 'em, we got 'em, he said it's on sight
Blood leakin' out, he lost more than a pint

I'm on an island, I'm sendin' a kite
