

Never Be The Same

22Gz

Nigga, I done flooded out my chain
I got water in my veins, you ain't never catch a stain
Straight up out the gutter where I came
I done seen a lot of murders, I could never be the same
She know my Amiris full of money
I just cashed out on a crib and a whole lot of bling
I just put some diamonds in my ring, now I'm sippin' champagne, eatin' steak

Was tryna get the pack off in the rain
I used to put my mask down for them stains
Now I'm sippin' champagne on a plane
Was spinnin' in a Civic, I was shootin' out the range
Niggas try to take me out the game
I got water up in the chain, but I ain't never been afraid
Steppers on my shots, they hold my blick for me
Catch a nigga slippin', I ain't even gotta aim

Nigga, I done flooded out my chain
I got water in my veins, you ain't never catch a stain
Straight up out the gutter where I came
I done seen a lot of murders, I could never be the same
She know my Amiris full of money
I just cashed out on a crib and a whole lot of bling
I just put some diamonds in my ring, now I'm sippin' champagne, eatin' steak

Hell fuck nah, we not the same, I be sippin' champagne, gettin' head on a plane
Flooded my wrist and my chain, but I'll still let it bang when it comes to the gang
I'm a beast, cannot be tamed, hop out, turn him to a stain
Blicky da blicky, I spin on your block, my choppa hold fifty, I'm poppin' at opps
I'm always outside while they hide in the house
You not 'bout what I'm 'bout, boy, stop runnin' your mouth
Pulled up in Suburbans, came through swervin'
Fuck the police, we out there, be purgin'
My gun got a dick, it's far from a virgin
I never don't miss, bitch, my aim way too perfect
You niggas be clowns, y'all belong in the circus
Keep up the show, bitch, I'm closin' the curtains

Catch a opp, he gon' bleed, shooters hang out the V
Bullet holes in his tee, leave him dead on the street
All them snipers, they glee, only if they keep with me
Do a hit, then we flee, leave his head by the feet

Nigga, I done flooded out my chain
I got water in my veins, you ain't never catch a stain
Straight up out the gutter where I came
I done seen a lot of murders, I could never be the same
She know my Amiris full of money
I just cashed out on a crib and a whole lot of bling
I just put some diamonds in my ring, now I'm sippin' champagne, eatin' steak
