22Gz

Keep the blicky on my waist, we ain't playin' safe, I am not your mans  
I'm so fly I need a cape, pull up in the Wraith, I can't do the Lam'  
Nigga turn into a snake, put him on a plate, chopper make him dance  
Go gorilla like an ape, look up in my face, I ain't never ran  
Keep the blicky on my waist, we ain't playin' safe, I am not your mans  
I'm so fly I need a cape, pull up in the Wraith, I can't do the Lam'  
Nigga turn into a snake, put him on a plate, chopper make him dance  
Go gorilla like an ape, look up in my face, I ain't never ran

I might just jump in a Wraith  
I keep it tucked in my 'Mains  
Might hit the plug out of state  
Gon' catch a slug to the face  
I sip that mud every day  
Fuck a mask, we gon' run in his place  
I got the funds in the safe  
He can't run when them guns in his face  
That's the con, that's my taste  
Flew out of state, now we in the Yams  
I was locked up out of state  
Murder what I'm facin', now I'm gettin' bands  
Twenties, fifties, and them hundreds  
Aiming for his muffin, I don't give a damn  
Stop the cappin', stop the bluffin'  
Leeky ain't with nothin', blicky make 'em dance

Keep the blicky on my waist, we ain't playin' safe, I am not your mans  
I'm so fly I need a cape, pull up in the Wraith, I can't do the Lam'  
Nigga turn into a snake, put him on a plate, chopper make him dance  
Go gorilla like an ape, look up in my face, I ain't never ran

Still tote a shot, we still got the pack, but I can't get caught in a trap  
The work gettin' wrapped, we shippin' this pack, if I throw a brick it come back  
My shooters love the extortion, we touch paper like we work in the office  
I turn my brothers to bosses, you gon' win if you make it through losses  
Fuck all lives that went crosses, we took chains and put niggas on crosses  
These niggas pussy, they forfeits, spin through the opp block in a foreign  
We spend that shit like a tourist, I'm with 22, if we spendin' we scorin'  
I spent a band on my shoe, spent that for nothin' 'cause I can't even cross it

Keep the blicky on my waist, we ain't playin' safe, I am not your mans  
I'm so fly I need a cape, pull up in the Wraith, I can't do the Lam'  
Nigga turn into a snake, put him on a plate, chopper make him dance  
Go gorilla like an ape, look up in my face, I ain't never ran
