

All I Know

24hrs

24hrs

Stuck in 88 world

8...

Sing it with me

Woah, it's gonna...

All I know is my bitch bad

All I know is I'm in my bag

All I know is that my car fast

All I know is that I paid cash

All I know is my bitch bad

All I know is I'm in my bag

All I know is that my car fast

All I know is that I paid cash

I pull up with the girl of my dreams

I'm 24 from the Private Club team

You don't like me and I don't care

You need a stylist to show you what to wear

Flying on a 101 I think I seen an alien

Went in March, came back, did that twice

Benihana, double rice changed your life

Neiman's in Lennox we shop for you linen

As far as the water we like it with lemons

Kicked out the hotel we flooded with women

They sayin' Twenty you livin' the life

Show 'em your worth they change up the price

You know what you worth this is your life

Lil' mama too bad, she break all necks

I want all cash, don't want no checks

All I know is my bitch bad

All I know is I'm in my bag

All I know is that my car fast

All I know is that I paid cash

All I know is my bitch bad

All I know is I'm in my bag

All I know is that my car fast

All I know is that I paid cash

All I know I'm courtside at the games

I told my bros I won't change

I want money over fame

I drive Rolls Royce in two lanes

No givin' up

I switched it up

Tell your dawg he should get his bitches up

And it's not an issue, I see it then I buy it

She say that she in love, I still gotta try it

I used to have Seiko now I want AP

She wanna date me

These bitches got rabies

A whole lot of money

Been makin' it lately

Put shrimp in my pasta

All of my pictures by Oscar
