

Cloud 9

24hrs

It's been a while since I seen your face
Coming from across the room
You make me crazy when you say my name
Tell me what I'm supposed to do

If you like the feeling just tell me so
Do you want this too just tell me so
If you like the feeling
If you need the feeling
Just tell me so

Love
That's what we look for
Love
The way to be in love
Love
Chaos in the night

Leaving a mark
We're in the dark

I wanna fly so high
So high
We're living on cloud nine
Cloud nine
Just wanna fly so high
On cloud 9

If you like the feeling just tell me so
Do you want this too just tell me so
If you like the feeling
If you need the feeling
Just tell me so

Love
That's what we look for
Love
The way to be in love
Love
Chaos in the night

Leaving a mark
We're in the dark

I wanna fly so high
So high
We're living on cloud nine
Cloud nine
Just wanna fly so high
On cloud 9 9

I wanna dance
Dance, dance
I wanna dance
Dance, dance
I-I-I wanna dance
Dance, dance

I wanna dance
Dance, dance
